David Jones, Chief Constable

Dear Neighbour,

Your building will be hosting a Block Watch Meeting, the police will be in attendance

On: _____ Time: _____ Location: _____

Block Watch is one of the most comprehensive and successful home security and community safety programs. In order for the program to be successful, your participation is essential. The program involves two commitments. The first is to be concerned about your neighbour's property as you would your own. The second is to report suspicious or criminal activity to the police and to your neighbours. Successful communities are built from caring neighbours like you. Society is realizing that the power of the Block Watch Program is not just what the police are doing, but what the police and residents are doing together. Together we can build a safer neighbourhood and safer community.

Safety and security are not the only benefits of joining the Block Watch Program. The aims and objectives of the program include:

- ⇒ Reducing residential crime.
- ⇒ Improving police/public relations by working together.
- ⇒ Establishing a strong sense of community with neighbourhoods.
- ⇒ Realizing a safe and successful community.

You may also find savings in your homeowner's insurance policy if you become a recognized Block Watch participant. Let us show you how. In addition, participants of the program will receive a newsletter bi-annually with helpful tips on preventing personal and property crime.

Don't let apathy stand in your way, as your participation can, and will, make a difference. Please do not be a spectator in the community safety game: community safety and Block Watch are interactive. Join Block Watch today. Please Contact your neighbour:

Name: _____ Phone: _____

YOUR ATTENDANCE AND PARTICIPATION IS PARAMOUNT!!!!

**Building Successful Communities Through Community Commitment
Together We Can: Together We Will**
